CHIEF'S REPORT {03:50} - Repaired sewer line at Station 2 in Big Arm. Serviced air conditioning on Unit #318. Unit #301 is out of service the equipment lights, siren, radio and wiring were removed. The tires were swapped out with Unit #300. The vehicle was turned back to the sheriff's department. Truck checks were performed on all apparatus at all stations. Attended a meeting with city fire regarding plans to facilitate services during the Arbor Day Fest at the Polson Fairgrounds. Chief Laisy and Capt. Hoel attended the after action meeting regarding the June 17th deck collapse at the Glacier Presbyterian Camp near Lakeside. Noting the results of the operations went very smoothly. The rural department assisted with the incident. A mass casualty incident first responder team is available in Kalispell to assist with incidents such as the deck collapse. Chief Laisy and volunteers visited several homes in the Jette Lake area to provide a triage check list to make their homes safe from wildland fires. The department received 26 calls in June, 2017. The responses included 1 mutual aid structure fire with city of Polson, 4 controlled burns, 5 alarms, 2 unauthorized burns-were attempted to extinguish, 7 vehicle accidents, and response to the deck collapse. The rural volunteers continue to provide standby for the auto races. Training included water shuttle that applies to wildland firefighting. Jaws extrication exercise with jaws located at station 1 and 2. Chief Laisy requested the board consider the annual membership fee to Montana Fire Trustees Association. The fall meeting agenda provides a number of worthwhile topics for rural fire district administration and operations. A clothing allowance schedule was adopted when the rural fire district was established. The number of responses increased the expenditure line item. The annual clothing allowance expenditure will be reduced to approximately \$4,000. The volunteers will receive a stipend for fuel costs and clothing. Chair Nelson commented the Montana Fire Trustees Convention is worthwhile and plans to attend at no cost to the district. Trustee Roberts and Trustee Wunderlich also plan to attend at no cost to the district.

MEMBERSHIP REPORT {14:35} – Michael Hingiss reported Station 1 and 2 were staffed during the 4th of July. A barbecue was held at both stations. Two volunteers receive a \$50 stipend to provide standby response at the auto races. Trustee Wunderlich commented calls were received regarding fire trucks speeding, especially during the 4th of July. A policy is in place setting the speed limits. Chair Nelson thanked Michael for the report.

Old Business:

UPDATE ON STATION SOUTH {16:40} – Chief Laisy reported the project is on hold. However USDA Community Loan Program provided additional information for a loan package. Other sources for a loan should be contacted as the project progresses. Lake County Commissioner Barron commented county property may be offered as a site for lease. The lease will be similar to the lease at the Fairgrounds Station Number 1.

UPDATE ON PROGRESS WITH NEW TENDER {17:20} – Chief Laisy reported the project is on hold.

UNIT 301 OUT FOR BIDS {18:06} – Trustee Wunderlich reported Unit #301 was returned to the Lake County Sheriff Department.

STATUS OF PAYMENT FROM TIRE FIRE {18:20} – Chief Laisy reported the check is in the mail. The foam on hand at the tire fire was replaced at the Fairgrounds Station. The check will be approximately \$3,800 which subtracts out the price of the foam.

BUDGET REPORT {19:15} – Trustee Wunderlich reported the budget committee met July 11th. A draft preliminary budget was prepared. The budget is not ready for presentation. The committee will review the draft and meet again next week. Chief Laisy presented a wish list for the preliminary budget. The budget will be presented at the next meeting for approval and forwarded to Lake County/

New Business:

REPLACEMENT UNIT #301 WITH TRUCK PURCHASE FROM LAKE COUNTY {20:11} - Chair Nelson introduced the agenda item. The 2009 OEM truck is basically new with 109,000 miles. The purchase price is approximately \$9,000 equipped with radio, siren, lights, four wheels and snow tires. The light bar and paint will be approximately an additional \$2,000. Trustee Roberts considered the purchase a good deal with the equipment included. Ron questions the use of the additional vehicle. **Trustee Roberts motion to purchase vehicle. Trustee Wunderlich second.** Discussion: Trustee Wunderlich analyzed use of the truck for response. Steve Stanley suggested a slide-in unit added for grass fire response and additional use as a utility vehicle. Trustee Clapp questioned space in the bays and use of the vehicle. Chief Laisy explained typically it is a command vehicle for a quick response and adequate management on the scene. Management is very important; especially with a young volunteer organization. In the past, when two vehicles were available a north, south response was established. In light of the safety of firefighters and public, it is appropriate to provide adequate response. **Chair Nelson summarized the motion. Purchase the 2009 OEM truck for \$9,000 with equipment and negotiate payment due date. Motion passed unanimously by voice vote.**

BY-LAWS AMENDMENT {28:06} – Chief Laisy spoke with some board members and firefighters regarding firefighters on the board and also an officer which causes a conflict of interest. The firefighter, officer, or board member identity is questionable in some circumstances. The proposal suggests if an officer is elected or appointed to the board, the position of officer would be relinquished during their term on the board to resolve the conflict of interest. Chair Nelson noted the proposed amendment was introduced with further discussion in the future.

UPDATE POLSON RURAL FIRE WEBSITE POST APPROVED MINUTES {30:05} – Trustee Roberts requested the trustees contact information on the website updated. Trustee Wunderlich advised the information was updated this week.

PUBLIC INFO FACEBOOK, ETC. {31:25} – Trustee Doty commented on the Facebook posts following the June 14th rural fire board meeting regarding department engines at non-fire department functions. The posts created a serious issue that should be addressed. The membership needs to know how things reflect on them. As a board member, we want to have good relationships with the membership. He sees two issues involved. One issue is liability with the posts and data printed in the news media. The liability is a serious issue. The posts following the meeting were misleading. Immediately 22,000 people weighed in on it. The main concern is being truthful and stand behind what you say. The trustees volunteer their time and value their reputation. Montana Code 45-8-212 criminal defamation is anything that exposes a person or group to hatred, contempt, ridicule, degradation or disgrace in society or injury to the person's or its business or occupation. The respect between the trustees and volunteers is a mutual concern. Wally Congdon, Deputy Lake County

Attorney advised a huge liability is with misleading comments, therefore use good judgment. Lake County is offering two public information classes in the near future.

PAYOFF STATION 1 {FAIRGROUNDS STATION} OUT OF CAPITAL FUNDS {39:15} -

Trustee Wunderlich reported the payoff was discussed in the budget meeting. The agenda item is to inform the board and public. The final payment is on or before November, 2018 with three payments remaining November, 2017, May, 2018, and November, 2018 final. The interest payable over the remaining life of the loan is approximately \$1,200. Alison Meslin commented the funds utilized for the anticipated payoff is fund #7244 voted levy. The public approved the levy for new equipment and new stations. It is not for payment of existing debt. Chair Nelson assumes the proposed payoff will be paid from the levy fund. Scott Beggs, Lake County Finance will review the completed budgets. Trustee Clapp commented during the public information process prior to the mill levy election the passing of the levy is to specifically construct a station to the south. If the funds are used to retire the current debt, a new loan will be necessary to build the station to the south. The cash on hand should be consider to build the station to the south.

BIG ARM WATER SUPPLY {41:45} – Wally Condon, Deputy Lake County Attorney advised the standard subdivision review requires a water supply available for fire protection. The issue is who is responsible for the cost to install the system and the proper fittings to hook up to the fire trucks. The solution is put a pump in the lake for the source of water supply. The Big Arm Marina is constructing approximately 40 new RV sites. An additional 62 RV site is being reviewed by Lake County Planning Department for subdivision review. The project needs to co-ordinate the right pumps, hook-ups, and accessible with keys. The tribe has a pump. The power line and building is complete. The application from the tribe, shoreline protection, the easement are reviewed. The tribe will maintain their irrigation pump, although if another pump is used the long term maintenance will be the responsibility of the fire-department. The proposed water system would be basically a sand pipe with valve and cap. Property insurance premiums will decrease with the increased water supply and ISO rating. Wally advised the residents in the Big Arm community to attend the Lake County Planning Department public hearing scheduled in the near future.

VOLUNTEER CLOTHING ALLOWANCE {55:50} – Discussed in chief's report.

QUESTION SECRETARY-TREASURER {56:02} – Trustee Wunderlich noted office of the secretary-treasurer is a board position. Bonnie is also the secretary-treasurer for the board. Trustee Wunderlich suggested Bonnie complete the monthly agenda. Bonnie commented the agenda prepared by Trustee Wunderlich has a refreshing new look and the district is in a transition phase. The transition is a work in progress.

Public Comment {57:34} – Comment by a visitor. Drew Hoel has time and firefighter support in addition to knowledge of the district and firefighting experience.

ADJOURN: {57:56} } Trustee Clapp motion to adjourn to executive session. Trustee Wunderlich second. Motion passed unanimously by voice vote. To executive session for personnel matters. 7:50 p.m.

Reconvene to open session {00:21} 7:56 p.m. Trustee Clapp notion to come back into open session Trustee Wunderlich second. Motion passed unanimously by voice vote.

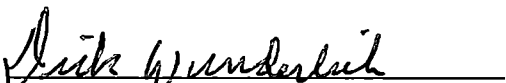

Announcement {00:21} - Chair Nelson provided an announcement. Based upon our meeting with both qualified candidates, reviewing their credentials and experience. At this time, we feel Gordon Geiser brings the greatest experience and expertise in many areas. Accordingly in a unanimous roll call voice vote decision of the board is to hire him as the new chief contingent upon completion of a background check and an agreement on compensation. The entire board encourages Capt. Hoel to continue his service and continue to gain the experience necessary to one day become a fire chief. Capt. Hoel indicated he plans to continue serving the department. Gordon Geiser commented he appreciates the opportunity and is looking forward to moving into the community, working with the fire department, board and community. Those in attendance offered a welcome applause. Chair Nelson commented Gordon is coming into a good department with the officers and the board. The goal is to progress and serve the residents in the district. The biggest obstacle is the dollars to manage the department. Chair Nelson thanked Gordon and Drew. Additionally Drew has an opportunity to gain additional experience.

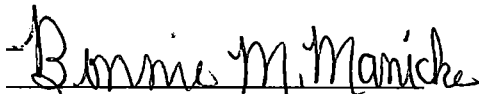

ADJOURN: {03:01 } **Trustee Clapp motion to adjourn. Trustee Roberts second. Motion passed unanimously by voice vote.**

ADJOURN: 8:00 p.m.

Next regular scheduled meeting August 9, 2017, 5:30 p.m. at Fairgrounds Station No. 1. Note time change.
